The
Vancouver
Fruit Tree
Project

We noticed
you have a
fruit tree in
your
backyard!

The Vancouver Fruit Tree Project Society is dedicated to harvesting and sharing neighbourhood fruit.

Volunteers harvest extra fruit from back-yard fruit trees and redistribute it to community groups.

In the past 16 years we have picked nearly 50,000 pounds of fruit and redistributed it to community centres, neighbourhood houses, daycares and other community groups.

Would you like to participate? Fruit tree owners keep part of the harvest. To get involved contact:
