

Do you have a **FRUIT TREE** in your backyard?
(Or know someone who does?)

Don't let your fruit fall to the ground! Give back and share it with your community.

The Vancouver Fruit Tree Project Society is dedicated to harvesting and sharing neighbourhood fruit.

Our trained volunteers harvest excess fruit from backyard trees and redistribute it to community groups and neighbourhood houses around Vancouver. In the past 20 years we've harvested over 72,000 lbs of fruit.

If you have extra fruit on your trees, we invite you to participate! Fruit tree owners get to keep a portion of the harvest, too.
